Summary

Motivated and meticulous researcher in Economics, set to complete a Master's degree in Economics from Sciences Po Paris in June 2025. Proficient in data analytics, regression analysis, and modeling in R, Stata, and Julia. Fluent in English, Mandarin Chinese, and French, with educational and work experience in China, Singapore, and France. Keen to explore career opportunities in economic research with a focus on wealth and taxation.

Research Experience

Research Assistant, HEC Paris

11/2024 – 12/2024

Supervisors: Yann Algan and Bruno Crépon

- Calibrated a theoretical matching model to analyse increased labor demand in SMEs driven by reduced recruitment costs via the French Public Employment Service.
- Created plots of theoretical predictions for comparison with empirical results using Julia.

Research Assistant, Paris School of Economics (PSE)

05/2024 – 08/2024

Project on Impact of Housing Market Reform on Household Wealth Inequality in China

Supervisors: Li Yang and Zhexun Mo

- Consolidated literature on wealth inequality in China and the U.S.
- Processed data from China Household Income Project (CHIP) and China Family Panel Studies (CFPS) for descriptive statistics on homeowners across different survey years in Stata and R.

Research Intern, Centre National de la Recherche Scientifique (CNRS)

05/2024 – 07/2024

UAR 2999 "Support Unit for Area Studies" Projet Chine CoREF

Supervisor: Sylvie Démurger

- Researched and reported on land use conflicts between photovoltaic farms and agriculture in China.
- Crawled and archived public opinion on environmental policy from Chinese social media using Archive.It.
- Collected and constructed Chinese provincial budget dataset to analyse changes in expenditure allocation.
